## KITEBOARDING DISCOVERY CLASS AT BLUELAGOON

### KITEBOARDING DISCOVERY CLASS

Lesson start at 11:00

Experience news sensations and learn new skills during a memorable kiteboarding discovery class!

#### Programme

Lesson starts at 11am. After a short safety briefing, the instructor will get you set up and teach on how to fly the kite for 2hours.

The first part of this program will take you through the steps of setting up and flying a kite with trainer lines. You will gain an understanding of the wind window, so you will know where you can and cannot fly the kite in relation to where you'r standing and the wind direction. Inside this window are the "power zones", you will learn where they are and when to use them. Selecting the right spot for kiteboarding and kite flying with the associated hazards in mind is important.

The weather, how to predict it and how it can change in different parts of the world, allows you to plan kiteboarding trips and keeps you aware of potentially dangerous weather situations. Knowledge of tides are important as the water can move in and out during the day, rips or underwater currents can be a factor on some coastlines.

Enjoy your time on your board and have fun!
