### Detailed itinerary

The program starts after a safety briefing and recommendations by an experienced instructor (English spoken )

Now you ready to self-cruise a comfortable and powerful Yamaha Wave runner High Class 110HP, The Best quality of silent watercraft. Moderate speed along the resorts and old temples to the surprising pier of Kanchanaburi where are parked a hundred of floating houses, nightclubs and restaurants. After 10 minutes, we will reach the junction of the River Kwai Noi and Yai called Mae Klong / Three colors river and take the route to Ban Kao.

From that time, all riders start to have a good control and are ready to follow the guide for 40 mins of great and sharp curves in this wonderful scenery along by the limestone mountains. This section of the trip appears to be a movie in which you will be a privileged observer of the wildlife,

Riding along the jungle with a great sensation of freedom being the only ones on the river. You will have the chance to see people living and fishing by the river, places that are totally unvisited by tourists, fish farms, horses ranch, local animals such as the water buffalo and several kind of birds...

To end this journey, we will stop to enjoy the sunset ( depend time ) on the river Kwai Yai before going back to the famous bridge over the river Kwai, place of interest for many tourists in Kanchanaburi due to the history during the Second World War where you could spend a while before going back to your hotel or guesthouse .
